EDUCATION

B.Tech

Jawaharlal Nehru Technological University

06/2019 - 05/2023,..... 8.23 CGPA

Domain

- Computer Science and Engineering

Intermediate

Sri Chaitanya Junior College

07/2017 - 04/2019, 10 CGPA

Domain

- MPC

SSC

V.S.Z.P High School

06/2016 - 05/2017, 9.3CGPA

WORK EXPERIENCE

Internship

Oasis infobyte

10/2022 - 11/2022,

Achievements/Tasks

- Web Development and Designing Responsible for the graphic design and implementation of companyweb site including navigation, writing HTML and CSS and optimization of web graphics.

STRENGTHS

- 1.Selfmotivated, focused and dedicated
- 2.Willingness to learn ability to work hard.
- 3.Self-Confident.

INTERESTS

- Gardening.
- Spending time with friends & family.
- Cooking

TECHNICAL SKILLS

Programming languages: Java, C language, Data Structures.

Database: Sql good knowledge in queries. Commands, SubQueries, Joins, Normalization.

Web technologies: html, css, java script

presentation Tools: Microsoft PowerPoint

Frameworks: Spring Boot and Microservices

Word Processing: Microsoft Word

PERSONAL PROJECTS

Detection and Isolation of Sensor Attacks for Autonomous Vehicles (02/2023 - 05/2023)

- A model-based framework is proposed which can detect sensor attacks and identify their sources in order to achieve the secure localization of self-driving vehicles. Toensure robustness of the vehicle against cyber-attacks, sensorredundancy is introduced, that is to deploy multiple sensors, each of which provides real time pose observations of the vehicle.

CERTIFICATES

- Got Certificate of Completion on Learning Python(2020) in LinkedIn platform.
- Java Full Stack Developer

LANGUAGES

- English
Full professional Proficiency
- Telugu
Native or Bilingual Proficiency
