Objective

I have basic knowledge of web development and have worked on simple projects. I am eager to learn new technologies and improve my skills. I also have basic communication skills and can work well in a team.

Education

Bachelor of Technology in Electrical and Electronics Engineering

Sai Rajeswari Institute of Technology, September 2024

Diploma in Electrical and Electronics Engineering

Government Polytechnic, November 2020

Skills

- **Web Development:** HTML, CSS, JavaScript, React.js, Node.js, MERN Stack
- **Programming Languages:** Python, SQL
- **Tools**
Technologies: Bootstrap, Git, API Integration, MongoDB
- **Other Skills:** Data Entry, Microsoft Excel, Google Sheets

Projects

AI Voice Assistant

Deploy Link: ai-voice1.netlify.app

GitHub Repo: [GitHub](#)

Developed a voice-controlled assistant using React and Gemini API, integrating speech recognition for seamless interaction. The application responds to user queries, performs various tasks, and improves accessibility.

Movie Website

Deploy Link: ifix.ccbp.tech

GitHub Repo: [GitHub](#)

Built a fully functional movie browsing platform using an API. Users can explore movies, view details, and log in using JWT authentication. The site provides a seamless user experience with a modern UI and smooth navigation.

Emoji Game

Deploy Link: emajigame.ccbp.tech

Designed an engaging and interactive game where users must click unique emojis without repetition. The game tracks scores dynamically and resets upon incorrect selection, enhancing problem-solving skills and logical thinking.

Certifications

- **React.js:** [Certificate Link](#)
- **Node.js:** [Certificate Link](#)

- **JavaScript:** Certificate Link
- **Python:** Certificate Link
- **SQL:** Certificate Link
