## SUMMARY

Innovative Python Developer with over 5+ years of experience in crafting customer-focused software solutions. Developed a custom Python scheduler to automate business processes, enhancing application performance and workflow efficiency. Seeking to leverage skills in Python and Django for impactful backend development, delivering cutting-edge solutions in dynamic project environments.

---

## EXPERIENCE

### Python Developer | BigLittle.ai | Bangalore | May 2022 - Present

- Collaborated with cross-functional teams to design, develop, and deploy high-quality, customer-focused software solutions.
- It ensured code quality and reusability by emphasizing clean, maintainable, and testable code, with comprehensive documentation and task tracking in JIRA.
- Proficient in Python frameworks, including Django, for delivering scalable backend solutions.
- Key Projects include:
  - **Automated Scheduled Actions for Business Rules**
    - Designed and implemented automated actions triggered by business rule executions, using Python and Celery to optimize task scheduling and resource management.
    - I developed a custom Python scheduler, enhancing application performance by supporting parallel task processing and improving workflow efficiency.
    - Created detailed documentation to facilitate team collaboration and code reusability.
  - **Advanced Filtering & Sorting Feature**
    - Implemented a user-centric filtering and sorting feature, allowing multi-criteria data refinement and dynamic sorting options.
    - Built an intuitive interface enabling real-time data filtering and sorting, empowering users with advanced data exploration capabilities.
    - Enhanced usability by introducing real-time updates, allowing instant insights and a seamless user experience.

### Client Relationship Manager | Neoteric Technical Services Pvt Ltd | Hyderabad | January 2019 - April 2022

- Facilitated effective communication with international clients to understand their AutoCAD and 2D drafting needs. This involved regular discussions, video conferences, and email correspondence to maintain a clear line of communication.
- Conducted thorough analyses of client requirements, ensuring a deep understanding of project specifications. Collaborated with clients to define project scopes, timelines, and deliverables to align with their expectations.
- Coordinated closely with internal teams, including AutoCAD designers and drafting specialists, to ensure seamless project execution. Acted as a liaison between clients and the project team to address any queries or modifications during the drafting process. Implemented rigorous quality assurance measures to guarantee the delivery of accurate and high-quality AutoCAD works and 2D drafting services. Conducted regular reviews to ensure that final outputs met or exceeded client expectations. Oversaw project timelines and deadlines, working proactively to ensure timely delivery of drafts and designs. Addressed any potential delays promptly, keeping clients informed about project progress and anticipated completion dates.
- Negotiated and secured long-term contracts with key clients, enhancing the company's revenue stream by 15% annually and ensuring ongoing business stability through rigorous contract management and relationship building.
- Forged partnerships with 15 new clients within the first year, driving a 20% growth in the client portfolio and utilizing data-driven insights to tailor personalized service strategies.
