Summary

A recent B.Tech CSE graduate specializing in building modern, responsive web applications. Highly proficient in React.js, Next.js, TypeScript, and Tailwind CSS. Currently applying these skills as a Software Development Intern at Do It For Me LLC, contributing to the development of client-focused technical solutions. Eager to bring front-end expertise to a challenging software developer role.

Work Experience

Do It For Me LLC – Lucknow, Uttar Pradesh

June 2025 – Present

Software Development Intern

- Develop responsive user interfaces for client applications using Next.js, React, and Tailwind CSS.
- Write and manage type-safe, scalable code with TypeScript to enhance application stability and reduce runtime errors.
- Collaborate with the development team to translate project requirements into high-quality, production-ready code.
- Participate in regular code reviews to ensure code quality, maintainability, and adherence to team best practices.

Technical Skills

Languages: JavaScript, TypeScript, Java, HTML, CSS, SQL

Frameworks & Libraries: React.js, Next.js, Spring Boot, Node.js, Tailwind CSS

Developer Tools: Git, GitHub, VS Code, REST APIs

Professional: Problem-Solving, Analytical Thinking, Communication, Team Collaboration

Projects

E-Commerce Platform

[GitHub Link](#) ↗

- Built a full-stack e-commerce app with a Spring Boot/MySQL back-end for product and user management.
- Developed a dynamic front-end with HTML, CSS, and JavaScript to ensure a seamless user shopping experience.

NEWS4U – Real-Time News App

- Created a real-time news app using React.js and REST APIs, featuring state management with React Hooks.
- Implemented dynamic routing for a scalable and modular user interface.

Password Generator Web App

[Live Demo](#) ↗

- Created a responsive web application with JavaScript, HTML, and Tailwind CSS to generate secure passwords.
- Integrated a copy-to-clipboard feature and ensured a seamless UI on all device sizes.
