Professional Summary

Quality-focused and detail-oriented QA Engineer with 3.3 years of experience in software testing across diverse domains. Demonstrated expertise in manual and automated testing, API validation, performance testing, and project leadership. Experience includes 8 months of remote work at BestiCoder as a QA Engineer handling freelance-style responsibilities, along with senior roles in product-based companies. Adept at managing end-to-end QA cycles, mentoring junior testers, and driving process improvements in Agile environments. Proven ability to deliver high-quality, bug-free products on time.

Core Competencies

- Manual Testing & Automation
 - Test Case Design & Execution
 - Regression & Smoke Testing
 - API Testing (Postman)
 - Performance Testing (JMeter)
 - Test Planning & Strategy
 - Defect Tracking (Trello, GitLab)
 - Automation Tools: Playwright (JavaScript)
 - Agile Methodologies & Sprint Planning
 - Team Leadership & Mentoring
 - Tools: Mailchimp, Zego
 - Platforms: Web, SaaS, Mobile Apps
-

Professional Experience

Total Experience: 3.3 Years

Quality Assurance Engineer (Remote)

BestiCoder | Oct 2024 – Present

- Worked remotely as a QA Engineer managing the end-to-end testing lifecycle for diverse client projects (web & mobile).
- Developed and executed test strategies using both manual and Playwright-based automation.
- Collaborated with international clients and developers to ensure delivery quality and timelines.
- Conducted API testing (Postman), regression testing, and performance tuning (JMeter).
- Improved overall QA coverage, efficiency, and reporting by implementing industry best practices and modern QA tools.

Senior QA Engineer & Project Manager

EmpiereTech | Feb 2024 – Oct 2024

- Led QA efforts for projects like Artfulyo, NF Club, Kozechalets, and more.
- Coordinated between QA, development, and product stakeholders to meet quality goals.
- Introduced automation frameworks, enhancing test coverage and speed.
- Conducted sprint planning and daily standups; mentored junior testers.
- Delivered high-quality releases through structured defect tracking and regression testing.

Quality Assurance Engineer

Elluminati Inc. | Apr 2022 – Feb 2024

- Performed functional and regression testing across mobile apps and admin dashboards.
- Tested critical modules including geolocation, booking flows, payments, and APIs.
- Used Postman for API testing and JMeter for performance benchmarks.
- Mentored new QA hires; built internal documentation and training guides.
- Received recognition for responsiveness and quality commitment.

Education

Bachelor of Engineering in Information Technology
Noble Group of Institutions – GTU | Graduated 2021

Certifications

-  **Apache JMeter – Performance Testing – Udemy (Jan 2022)**
 -  **Playwright Automation Testing (JavaScript) – Udemy (Dec 2024)**
 -  **"Always Ready to Reply" Award – Elluminati (Dec 2022)**
-
