---

## Professional Summary :

Highly motivated and dedicated **Aspiring Software Developer** with **strong foundational knowledge** in Java 8+, Spring Boot, and RESTful API development. Possesses **excellent communication skills** and a proven ability to build backend security and data handling features through academic projects and foundational experience. Eager to transition into a challenging full-time role and **ready to commit to a Night Shift schedule**.

---

## Technical Skills :

- **Programming Languages:** Java, SQL
  - **Frameworks & Libraries:** Spring Boot, SpringData JPA, Spring MVC, REST APIs, JWT
  - **Databases:** MySQL
  - **Architecture & APIs:** Microservices Architecture, RESTful APIs, Design Patterns, JSON
- 

## Experience:

### Foundational Software Developer (Startup Environment),

Xform Technologies Private Limited, Pune,  
30/01/2025 - Present

- Built and optimized RESTful APIs using **Java, Spring Boot, and MySQL** for Clinic Management and **Vehicle Office Transport System**.
  - Enhanced API performance by **30%** through pagination and query optimization.
  - Implemented **JWT authentication** and **OTP login flow**, improving security for 1,000+ active users.
  - Integrated Excel data import/export and Aadhar/profile image upload functionality.
  - Tested APIs using **Postman** and managed code through Git in an Agile environment.
  - Collaborated with a 5-member team to analyze requirements, plan sprints, and deliver backend modules.
- 

## Projects :

### Vehicle Rental System

- Developed backend for an office vehicle booking platform using **Java, Spring Boot, and MySQL**.
  - Created RESTful APIs for **vehicle, driver, and trip management** modules.
  - Implemented **JWT-based authentication, OTP verification, and Aadhar/profile image upload** for secure user access.
  - Added features like **Excel import/export** and **pagination** to streamline large data operations.
  - Followed layered architecture using **Controller, Service, Repository, DTO, and Entity** classes.
  - Performed API testing using **Postman** and versioned code with **Git** in an Agile setup.
  - Optimized office transport workflow and reduced manual booking effort by **40%**, enabling seamless vehicle allocation and tracking.
- 

## Education :

- M.Sc(CA) – Dr. D.Y. Patil University, Pune – 2025
  - B.Sc(CS)– Dr. D.Y. Patil University, Pune – 2023, CGPA: 7.81
  - H.S.C (Science) –Maharashtra State Board– 2020, 54%
  - S.S.C – Maharashtra State Board – 2018, 80%
- 

## Languages:

English, Hindi, Marathi
