WORK EXPERIENCE

R3 Systems India Private Limited

July 1, 2025 – July 26, 2025

Industrial Training Program on Java

Shirpur, Maharashtra

- Completed a one-month industrial training program focused on full-stack Java development.
- Worked on backend development using **JSP, Servlets, and Spring Framework**.
- Developed and maintained modules with **Spring MVC and Hibernate (Spring ORM)** for business logic and data persistence.
- Implemented frontend components using **HTML and CSS** for responsive user interfaces.
- Gained hands-on experience with **Core Java, Advanced Java, and JDBC** for web application development.

TECHNICAL SKILLS

Programming Languages: Java, C, SQL, HTML, CSS, JavaScript

Frameworks & Libraries: Spring MVC, Hibernate (Spring ORM), JDBC, Servlets, JSP

Tools & Platforms: Git, GitHub, Eclipse IDE, pgAdmin

Databases: MySQL, PostgreSQL

Other Skills: Data Structures and Algorithms (DSA) in Java

PROJECTS

RepairKart – Local Repair Service Booking Portal | Java, Spring MVC, Hibernate ORM 2025

- Developed a web-based portal for booking local repair services with role-based access for **Admin, Technician, and User** using **Java, Spring MVC, Hibernate ORM, JSP, and PostgreSQL**.
- Implemented service request management, technician assignment, and booking management for seamless operations.
- Designed responsive and intuitive JSP pages for a user-friendly interface.
- Followed DAO pattern with HibernateTemplate to ensure modular and maintainable database operations.

AarogyaChain – Electronic Health Record System | Java, Spring MVC, Hibernate ORM 2025

- Developed a role-based **Electronic Health Record (EHR)** system for managing patient data and doctor interactions.
- Implemented doctor-patient role management, and health record storage with PostgreSQL.
- Applied **Hibernate ORM** for seamless object-relational mapping and DAO pattern for structured database access.
- Designed responsive and intuitive UI components using **Bootstrap 5 and FontAwesome**.

DigiMarket – Farmer to Consumer Marketplace | Java, JDBC, Servlets, JSP 2025

- Built a marketplace platform connecting farmers and consumers with dynamic product listing and order management.
- Implemented secure login, order management, and product listing using **JDBC, Servlets, and JSP**.
- Integrated PostgreSQL database for efficient storage and retrieval of marketplace transactions.
- Designed a responsive and modern UI with **Bootstrap 5 and FontAwesome**.

ACHIEVEMENTS

Maharashtra Student Innovation Challenge (MSIC) – District Level Winner

Jan 2024

Awarded Rs. 1,00,000 at the district level for presenting **HealthGuard: Vaccination Tracking and Healthcare Management**, an innovative technology solution under the MSIC 2023 program.

EDUCATION

R. C. Patel Institute Of Technology, Shirpur

Pursuing

B.Tech - Computer Engineering - CGPA - 8.45

Shirpur, Maharashtra
