## INTERNSHIP EXPERIENCE

### AI Training Coding Expert, Outlier AI

Role Description: Engaged in developing and optimizing coding solutions for AI training projects, contributing to the enhancement of machine learning models and algorithms.

---

## PROJECTS

- [Rock-Paper-Scissors Game - Python Tkinter](#)

Created a Rock-Paper-Scissors game with Python and Tkinter, featuring interactive gameplay, real-time score tracking, and a user-friendly GUI.

- [Sorting Visualizer](#)

Description: Developed a dynamic web application that visualizes various sorting algorithms, allowing users to understand the sorting process through interactive animations..

- [Todo-Task Manager](#)   [Wikipedia-Search](#)   [A Simple Tourism Website](#)

Developed responsive To-Do List, Wikipedia Clone, and Tourism Website using HTML, CSS, and JavaScript, focusing on task management, content retrieval, and destination showcases. Each project demonstrates front-end skills and user-centered design for interactive experiences.
