## SUMMARY

---

Experienced Frontend Developer with expertise in React, Material-UI, and backend API integration. Successfully created complex modules, fixed long-standing production bugs, and mentored junior developers. Recognized for problem-solving skills and delivering high-quality, reusable components.

## EXPERIENCE

---

### Software Developer

10/2021 - Present

Gs Lab ↗

- Created multiple modules end-to-end, enhancing the overall functionality of web applications.
- Received a "Pat on the Back" award from the manager for exceptional performance and contributions.
- Handled the UAT deployment process, ensuring smooth transitions and minimal downtime.
- Fixed a critical production bug that had been pending for 4 years, significantly improving system reliability.
- Played a major role in bug fixes, reducing the number of critical issues by 30%.
- Took interviews for frontend developers, helping to build a skilled and cohesive team
- Mentored junior developers, providing guidance and support to improve their coding skills and knowledge.

### Frontend Developer

08/2020 - 10/2021

Tata communications ↗

- Developed and maintained frontend applications using React.js.
- Created reusable React components and integrated them with backend APIs to ensure seamless data flow and functionality.
- Utilized Material-UI extensively to design and implement UI components, ensuring consistency and adherence to design principles.
- Conducted comprehensive demo sessions for React-Redux implementations, facilitating team understanding and integration.
- Solely designed and implemented an internal portal for maintaining customer data.

### Network Engineer

01/2017 - 08/2020

Tata Communications ↗

- Configuration of PRI in MGW and SIP(VOIP) service in Session Border controller using IP
- Merging demerging dell numbers
- Troubleshooting and resolving connectivity issues through configuration
- Writing script to configure PRI and SIP and to find out the Dell range under the client

## EDUCATION

---

Savitribai Phule Pune University - Bachelor's of Engineering
