🌐 Portfolio

Overview

I am a proficient web developer with expertise in **React.js**, skilled in **building dynamic, responsive web interfaces** and **reusable components**. Experienced in optimizing performance, state management, and integrating modern tools for seamless user experiences while ensuring **effective communication** and teamwork to meet project goals.

Education

Central University of Haryana, Mahendragarh

Nov 2021 – May 2025

Bachelor of Technology in Computer Science

- CGPA : 7.9

Skill Summary

- **Languages** : Html, CSS, JavaScript, NodeJS, TypeScript, Python, C++.
- **Libraries** : ReactJS, Redux, RestAPI, Material UI, Bootstrap, Tailwind, Axios.
- **Tools** : NPM, Yarn, Vite, GitHub, Firebase, OpenAI API.
- **Soft Skills** : Excellent communication, Troubleshooting, Team Management, Decision Making.

Experience

ReactJs Developer

Feb 2024 – May 2024

Doozy Infotech [Certificate](#) 

- Contributed to agile development cycles by actively engaging in sprint planning, daily stand-ups, and code reviews, ensuring smooth and efficient project progress.
- Spearheaded state management implementation using Redux and Context API, optimizing data flow and enhancing state update efficiency, reducing network traffic by 20%.
- Proficiently utilized React.js, JavaScript (ES6+), JSX, HTML5, CSS3, Sass, and Tailwind CSS to develop responsive and visually appealing web applications.

Web Developer Intern

Ranchi, Jharkhand

Heavy Engineering Corporation(HEC) [Certificate](#) 

July 2023 – Aug 2023

- Designed and crafted an interactive website prototype for Heavy Engineering Corporation (HEC), enhancing workflows, streamlining updates, and improving overall usability with modern, user-centric design principles.
- Created a modern and responsive User Interface (UI) using tools like Figma for design and HTML5, CSS3, and JavaScript for frontend development.

Projects

Valify

[Project Link](#) 

- Elevated a financial analytics platform tailored for small businesses by leveraging ReactJS and Firebase, delivering insightful business intelligence.
- Developed dynamic data visualizations and integrated advanced secure authentication, enhancing user engagement and safeguarding data integrity.

Nimbus

[Project Link](#) 

- Engineered an intelligent chatbot application powered by ReactJS and the OpenAI API to streamline form-filling workflows.
- Seamlessly integrated interactive input validation and real-time user guidance, delivering exceptional accuracy and an intuitive user experience.

Quotes

[Project Link](#) 

- Designed and developed a dynamic quote application with an infinite scrolling feature that loads quotes seamlessly as the user scrolls. Integrated a circular loading animation for better UX and a dark-themed UI with background aesthetics

Achievements

GDS CP Lead: Increased event participation by 40% as GDS CP Lead.

Advik Event Organizer: Organized intra-college competitions, boosting awareness by 25%.
