---

## SUMMARY

Frontend Developer skilled in HTML, CSS, JavaScript, React.js, and Tailwind CSS. Experienced in building responsive user interfaces, integrating APIs, and developing reusable, efficient components. Strong problem-solving skills with hands-on experience deploying real-world projects.

---

## PROJECTS

**College Admin Dashboard** | React, Tailwind CSS, Node.js, MySQL

- Role-based dashboard for managing students, teachers, courses, attendance, marks, and library data.
- Implemented REST APIs and authentication with responsive UI.

[Live Demo](#) | [GitHub Repository](#)

**Weather Application** | HTML, CSS, JavaScript

- Displays real-time weather data using public APIs with responsive design.

[Live Demo](#) | [GitHub Repository](#)

**Promise-based Joke Generator** | JavaScript (Async/Await)

- Fetches jokes from an external API using modern asynchronous JavaScript.

[Live Demo](#) | [GitHub Repository](#)

**To-Do Application** | JavaScript, Local Storage

- Task management app with persistent storage and dynamic UI updates.

[Live Demo](#) | [GitHub Repository](#)

**Stopwatch with Time Log** | JavaScript

- Stopwatch with start, stop, reset, and lap time logging functionality.

[Live Demo](#) | [GitHub Repository](#)

---

## TRAINING & PROFESSIONAL EXPOSURE

**Industrial Training – Akashvani Kolkata (All India Radio)** | Aug 2024 – Sep 2024

- Gained exposure to broadcasting systems, studio operations, and transmission workflows.

**Certificate:** [Industrial Training Certificate \(Akashvani\)](#)

---

## EDUCATION

**B.Tech in Electronics & Communication Engineering**

Meghnad Saha Institute of Technology, Kolkata | 2021 – 2025 | CGPA: 7.76

---

## SKILLS

HTML, CSS, JavaScript, React.js, Tailwind CSS, Git, GitHub, MySQL, OOP, DSA, C, C++

---
