PROFESSIONAL SUMMARY

Proficient **Full-Stack Web Developer** with hands-on experience in designing and developing responsive **front-end** interfaces and building robust **back-end** systems using the **MERN stack (MongoDB, Express, React, Node.js)**. Proficient in creating dynamic **UIs**, integrating **RESTful APIs** and managing **databases** for scalable web applications. Adept at deploying full-stack projects on **Render** and **Netlify**, collaborating with teams in agile environments and delivering clean, efficient and maintainable code to solve real-world problems.

SKILLS

- Frontend:** JavaScript, React.js, HTML5, CSS3, Redux, Responsive Design (Bootstrap, Tailwind CSS)
- Backend:** Node.js, Express.js, RESTful API Development, Authentication & Authorization (JWT, Sessions)
- Databases:** MongoDB (Mongoose, CRUD, Aggregation), Firebase, MySQL
- Tools & Platforms:** npm, Git, GitHub, Netlify, Render, Postman
- Soft Skills:** Communication, Problem-Solving, Adaptability, Time Management, Teamwork, Discipline

WORK EXPERIENCE

Full Stack Developer Intern

Feb 2025 - Aug 2025

SevenMentor Pvt Ltd.

- Developed and deployed a full-stack Online Shopping Website using **MERN Stack (MongoDB, Express.js, React.js, Node.js)**, handling both frontend and backend tasks.
- Built responsive and dynamic UI components with **React.js**, managing state and user interactions efficiently.
- Designed and implemented **RESTful APIs**, performing **CRUD operations** and managing MongoDB databases.
- Actively **collaborated** with team and implemented feedback to enhance user experience.
- Gained practical experience in deployment, debugging, and maintaining a production-ready web application.

EDUCATION

Master Of Computer Applications (MCA)

2025 - Pursuing

Vellore Institute Of Technology (VIT), Vellore

Bachelor Of Computer Applications (BCA)

Apr 2020

MIT School Of Management (MIT), Pune

PROJECTS

Food Ordering Website | *MERN Stack* ([Link](#))

- Developed a responsive full-stack food ordering platform with dynamic menu rendering, real-time cart updates, and secure user **authentication**.
- Built **RESTful APIs** with **Node.js** and **Express.js** for order processing, **Stripe payment** integration, and **CRUD** operations on menu items.
- Created an admin dashboard to manage orders, monitor delivery status, and update inventory using **MongoDB**.

Movie Rating Website | *React.js* ([Link](#))

- Developed a responsive Movie Rating Website using **React.js**, integrated the **OMDb API** for real-time movie details, and built dynamic components for movie list, posters, and detailed views.
- Utilized **React Hooks** for state management, **React Router** for seamless navigation, implemented **localStorage** for rating persistence, and styled with **CSS Grid/Flexbox**.

Additional Projects: Facebook Clone, Portfolio, Weather App, Todo List, Amazon Clone, News App
