Portfolio

Bangalore, India

Summary

Full-stack Web Developer skilled in building scalable and real-time applications using the MERN stack. Experienced in developing RESTful APIs, crafting responsive UIs, and integrating cloud-based solutions. Strong foundation in JavaScript, Git-based version control, and Agile practices. Seeking opportunities to apply technical expertise and contribute to impactful software products.

Education

RNS Institute of Technology (2025)
Bachelor of Engineering in Computer Science and Engineering Bangalore, India

K S Polytechnic (2022)
Diploma in Computer Science Bangalore, India

Technical Skills

Languages: JavaScript, TypeScript, Java, Python, C, C++, HTML/CSS

Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS

Databases: MongoDB, MySQL, PostgreSQL

State Management: Redux Toolkit, Zustand

Tools: Git, GitHub, Firebase, Postman, RapidAPI, VS Code

Processes: Agile, RESTful API Design, Responsive Design, Testing, CI/CD

Soft Skills: Problem Solving, Teamwork, Communication, Accountability

Projects

WaveChat | *React.js, Node.js, Express.js, MongoDB, Socket.IO, Redux Toolkit, Tailwind CSS* (Live)
– Developed a real-time full-stack chat application supporting one-on-one and group messaging with persistent authentication.
– Implemented WebSocket-based communication using Socket.IO for real-time messaging, typing indicators, and group events.
– Designed modular and responsive UI components using React and Redux Toolkit.

ShopLeft | *React.js, Node.js, Express.js, MongoDB, Zustand, Stripe API, Tailwind CSS* (GitHub)
– Built a secure full-stack e-commerce web application with product management and user authentication.
– Integrated shopping cart, coupon logic, and Stripe API for seamless payment processing.
– Designed RESTful backend services with Express.js and managed global state with Zustand.

Work Experience

Vinayaka Solutions (Mar 2025 – May 2025)
Full-Stack Developer Intern Bangalore, India
– Collaborated on full-stack features for client-side and admin-side platforms using the MERN stack.
– Developed reusable UI components and integrated REST APIs for dashboard functionalities.
– Participated in Agile sprints and used Git for version control during team-based projects.

Certifications

Job Ready MERN Full-Stack Web Development Course Completed: 24 Apr 2024
30 Days Coding Certificate ID: KBHS9OVR — Issued: 07 Dec 2024
