OBJECTIVE

An engineering student seeking internships and practical experience. I recently completed my graduation degree in computer science and Engineering with a strong foundation in programming languages like JAVA, C, C++, SQL and React. Passionate about building real-time applications, I aim to leverage my strong foundation in coding and academic projects to grow as a full-stack developer.

WORK EXPERIENCE

Salesforce Developer (Internship) : Banka, Bihar, 2024 **Dec 2023 - Jan 2024**
Completed 8 week virtual internship focused on Salesforce development, Apex programming, LWC, APIs, and process automation. Earned Super Badges. Apex Specialist, Process Automation Specialist, and Developer Super Set.

J-Spider (trainee) : Hyderabad, Telangana **01/06/2025 - till now**
I am currently undergoing training at J-Spiders, Hyderabad as a Java Full Stack Developer. During this program, I am gaining hands-on experience in various technologies and concepts including Basic Java, Core Java, Collection Framework, JDBC, Hibernate, SQL, and Web Technologies such as HTML, CSS and Javascript. The training focuses on developing both front-end and back-end skills, enhancing my understanding of OOPs, database connectivity, and full stack application development.

EDUCATION

Bachelor's Degree in Engineering : (with 8.09 cgpa)	2025
Government Engineering College, Banka, Bihar	01/11/2021 - 31/05/2025
Secondary Education : (with 69.8 Percentage)	2020
Sanghmitra Public School, Siwan, Bihar	01/06/2018 - 01/06/2020
High School : (with 81.0 Percentage)	2018
Children Delight Public School, Chappra, Bihar	01/06/2017 - 01/06/2018

PROJECTS

Airline Reservations System :

This Java project is built to help the customers book tickets online, check the availability of the seats, get the details of payment. and search results even better than Github! ([Try it here](#))

Utilized : Java, Spring boot, MySQL and React.

Currency Converter :

Currency Converter project focusing on creating a web-based application. Developed a real-time web chat application. and search results even better than Github! ([Try it here](#))

Utilized : Java, Spring boot, Html, Css and one API.

SKILLS

Programming Language : Java Programming Language (JAVA), Javascript, C-language

Web Technology : HTML5, CSS3, JavaScript, ReactJs

Database : Structured Query language (SQL), Postgresql

LANGUAGES

- English
- Hindi
