## PROFILE SUMMARY

---

Aspiring Software Engineer | Innovative Thinker | Eager Learner

Hello! I'm Rushikesh Patil, a passionate and dedicated software engineer with a strong foundation in coding, problem-solving, and web development. My journey in technology began with a keen interest in creating impactful digital solutions, and I have since honed my skills through hands-on projects and certifications.

### Skills & Highlights:

Proficient in programming languages like Java, C#, HTML5, and CSS3.

Experience in building responsive and user-friendly websites (Certified in Responsive Web Design).

Strong problem-solving abilities and a love for tackling challenging algorithms.

### What Drives Me:

I am constantly learning and growing in the dynamic field of software development. My goal is to contribute to innovative projects that make a difference in people's lives.

## EDUCATION

---

Master of Computer Application (MCA), Trinity Academy of Engineering,  
Bachelor of Computer Application (BCA), Sinhgad Institute, Pune University  
HSC (Science), Camp Education Society's High School and Jr. College  
SSC, Late Babanrao Khanduji Kamthe Secondary School

*Pursuing*  
2023 Percentage: 76.42%  
2020 Percentage: 62.62%  
2018 Percentage: 75.20%

## SKILLS

---

Programming Languages: Java, C#, Python, JavaScript, React, HTML, CSS.  
Database Management: MySQL, SQL, Oracle, NoSQL.  
Frameworks & Tools: Spring, Spring MVC, Spring Boot, Hibernate, Git, GitHub.

## PROJECTS

---

### Banking Web Application

Environment: Spring, Spring Boot, Hibernate, HTML, CSS, Bootstrap, MySQL

6 Months

Team Size: 2

- Designed interactive and dynamic webpages using HTML and CSS And handled the Spring Security of Application.
- Created and managed databases using MySQL.

### Virtual Pass Generator

Environment: Django (Python), HTML, CSS, Bootstrap, PostgreSQL

Tools: OpenCV, Machine Learning (For Face Recognition), QR Code Libraries.

## CERTIFICATIONS

---

- Responsive Web Design By freeCodeCamp
- Full Stack Java plus SQL by Advanto Software
- Foundational C# with Microsoft Certification (FreeCodeCamp)
- Walmart USA – Advanced Software Engineering Job Simulation
