## WORK EXPERIENCE

### Project Engineer

#### Wipro Limited

05/2022 - 12/2024

Greater Noida, Uttar Pradesh

##### Achievements/Tasks

- **Worked** on the **Momrah KPI Visualizations** project as a Frontend Developer using React.js, JavaScript, HTML, and CSS.
- **Developed** a responsive and user-friendly client-facing dashboard, significantly improving user experience.
- **Enhanced User Engagement** by 30% through dynamic, interactive UI components built with React.js and JavaScript.
- **Integrated** i18next to provide multilingual support, enabling seamless language conversion, including Arabic, to cater to diverse user bases.
- **Implemented** advanced React concepts like **Context API** and **Redux**, optimizing state management.
- **API Integration:** Fetching, handling, and rendering data from backend APIs using REST.
- **Code Optimization:** Improved application performance by debugging, refactoring code, and implementing best practices.

### Internship

#### E-School

01/2022 - 03/2022

Bareilly-Uttar Pradesh

##### Achievements/Tasks

- Completed a MERN stack internship, developing project like Book management application, Rock paper scissor game, and To-do list application.
- Gained experience in building Restful APIs, implementing CRUD operation and creating responsive front-end interfaces with React.js.

## EDUCATION

### B.Tech in Information Technology

#### SRMS College of Engineering & Technology

07/2018 - 07/2022

Bareilly, 71%

### Intermediate

#### J N S V M I C Vaibhav Nagar

04/2017 - 04/2018

Bareilly, 63.2%

## SKILLS

JavaScript(ES6+)

React.js

Express.js

Node.js

MongoDB

Rest API

Core Java

Html5

CSS3

Bootstrap

Google Cloud Admin

Snowflake

Git & Github

## PERSONAL PROJECTS

### Portfolio Application | JavaScript, React.js, Tailwind

- Developed a personal portfolio using **HTML**, **React**, and **Tailwind CSS** to showcase frontend development skills with dynamic, interactive components and a responsive, modern design.
- Focused on creating a visually appealing, user-friendly experience that highlights my ability to build sleek, functional web applications with **smooth navigation** and optimal responsiveness.

### Login-Registration System | MERN Stack | JavaScript

- Developed a secure Login/Signup system using the **MERN stack** with **JWT-based authentication** for session management and secure user data handling.
- Created a responsive and user-friendly UI using React.js and CSS, ensuring seamless user experience with proper **input validation**, **error handling**, and **backend API integration**.

### Recipe App | JavaScript, Html, CSS, React.js

- Developed a React.js-based recipe app **integrating API data**, enabling users to search and explore a variety of recipes. implemented a **dynamic search functionality** for filtering recipes by ingredients or dish names.

### Book App | JavaScript, Html, CSS

- This application allows users to add, view, and delete books details with data stored in the browser's local storage for persistence across sessions. It features responsive UI, ensuring usability across devices.

## CERTIFICATES

### Snowpro Core Certification (06/2024 - 08/2024)

Certified from Snowflake

### SI Associate Certification (04/2024 - 05/2024)

Certified from Mongo DB
