EXPERIENCE

MEAN Stack Intern Techonsy, Pune
5-Jun-2024 – 5-Jun-2025

- Interned at Techonsy, specializing in MEAN stack development.
- Contributed to the development of scalable web applications using MongoDB, Express.js, Angular, and Node.js.
- Worked alongside senior developers to refine features, improve performance, and gain hands-on experience across the full web development lifecycle.
- Enhanced communication, teamwork, and leadership abilities to support effective collaboration and drive productivity.

PROJECTS

Ecommerce Website Using MEAN Stack

Built a full-stack e-commerce web application using Angular, Node.js, Express, and MongoDB. Implemented backend logic, REST APIs, product catalog management, user authentication, and a shopping cart.

Bank Application

Designed and developed a full-fledged banking application using Java, SQL, JSP, and MVC. Included features like fund deposit, balance inquiry, mobile recharge, and money transfer.

Employee Management System Using MEAN Stack

Developed with Angular, Node.js, Express, and MongoDB; Bootstrap for responsive design. Features: email OTP registration, secure login, profile management, check-in/out, leave request handling, admin panel. **Click Me**

CERTIFICATIONS

Full Stack Java Developer

LinkCode, Pune — June 2024 – Dec 2024
