Professional Summary

Frontend Developer with **2+ years** of hands-on experience building and optimizing **scalable, responsive** web applications using **React.js, JavaScript (ES6+), Material-UI**, and REST APIs. Strong background in building **admin dashboards, eCommerce platforms**, and enterprise systems. Passionate about clean code, UI performance, accessibility, and team collaboration. Eager to contribute to innovative teams in fast-paced environments.

PROFESSIONAL EXPERIENCE

Frontend Developer, Farmcrate 02/2025 – Present
Visakhapatnam, India
Developing modern, scalable, and responsive frontend solutions using React.js, JavaScript, and Material-UI tailored for eCommerce dashboards and real-time admin panels.

- Collaborating closely with backend teams and UI/UX designers to enhance user experience and performance.
- Implementing state management, API integration, and responsive layout designs, resulting in a smoother and more intuitive user interface.
- Optimizing page rendering, ensuring cross-browser compatibility, and reducing load times across platforms.

Junior Software Developer, Yatayati Info Solutions Ltd. 01/2023 – 01/2025
India

- Engineered responsive web applications using React.js, JavaScript, and Material-UI, achieving a 95% user satisfaction rate across devices.
- Designed and implemented interactive dashboards using advanced data visualization, improving decision-making efficiency by 30%
- Built mobile-friendly, cross-browser compatible components, increasing platform accessibility and performance by 25%.
- Integrated RESTful APIs for real-time communication, reducing page load times by 0% and enhancing overall user experience.

EDUCATION

Bachelor of Technology (B.Tech) - Electrical and Electronics Engineering, 06/2017 – 09/2021
Lendi Institute of Engineering and Technology

Intermediate (10+2), Sri Chaitanya Junior College 06/2015 – 08/2017

SSC (10th Grade), Kerala English Medium School 06/2013 – 08/2015

SKILLS

Front-End Development

HTML5
CSS3
JavaScript (ES6+)
React.js
Bootstrap
Material-UI

Back-End Development

Node.js(Basics)
MySQL

Version Control & Tools

Git
GitHub
VS Code

UI/UX & Animation

GSAP
Framer Motion
Responsive Design
Figma (Basic)

API Integration

RESTful APIs
Axios

PROJECTS

PMIT (Put Me In Touch), *Business connection platform for B2B & B2C users, focused on real-time interaction and seamless UI.*

2024

Tech Stack: React.js, Css,Material-UI, Axios, Figma

- Developed a B2B/B2C platform with **dynamic dashboards** and a fully responsive layout
- Translated **Figma designs** into pixel-perfect UIs using **Material-UI components**
- Enhanced accessibility and cross-device compatibility, increasing user reach by **35%**
- Reused and modularized components, reducing dev time by **30%**

Human Resource Management System (HRMS), *An internal tool to manage HR operations like attendance, leaves, and employee performance.*

Tech Stack: React.js, Node.js, Material-UI, MySQL

- Developed **real-time admin dashboards** for actionable HR insights
- Automated manual workflows, reducing HR operations time by **35%**
- Used **React Hooks** and **API integration** for seamless data flow and UI state handling
- Improved system speed and reliability by **20%**

E-Commerce User & Admin Panel, *Technologies: HTML, CSS, Bootstrap, React.js, JavaScript, Material-UI, Axios, Framer motion*

- Built a responsive eCommerce site with separate Admin dashboard for managing products, users, orders, and categories.
- Integrated dynamic product listings, real-time search/filter, and secure checkout with payment gateway.
- Enabled cart management, toast notifications, modals, validations, and optimized performance (30% faster loads).
- Improved admin efficiency by 0% through full CRUD operations and API integration.
