Objective

Aspiring Java Full Stack Developer skilled in Java, Spring Boot, React.JS and MySQL. Passionate about building scalable web applications and solving real-world problems with clean, efficient code. Eager to contribute to dynamic teams and grow in a fast-paced development environment.

Education

SNJB's KBJ College of Engineering, Chandwad

Graduation: May 2024

Bachelor of Engineering (B.E.) in Computer Science

CGPA: 7.67

Relevant Coursework

- Web Development
- OOP's
- DBMS
- Data Structures

Technical Skills

- Java • HTML5 • CSS3 • JavaScript • React.JS • MySQL • Oracle SQL • SpringBoot • Hibernate • JPA
- Bootstrap • REST API • MongoDB • Node.JS • Git • GitHub

Projects

Service360 (Click Me)

March 2025

- Designed and implemented a responsive website that allows users to browse, book, and manage home services seamlessly.
- Integrated a shopping cart using JavaScript and localStorage to handle service selection, quantity updates, and checkout functionalities.
- Developed a service filtering system using JavaScript to allow users to search, sort, and filter services based on categories, ratings, and pricing.
- Utilized HTML, CSS, and JavaScript to create a visually appealing and mobile-friendly interface, ensuring a seamless experience across devices.
- Implemented localStorage to retain user cart items and preferences, improving session continuity and user engagement.

DineTech Management System

March 2024

- Developed a DineTech Management System to analyze food sales (monthly and daily) and manage customer bookings for food and tables.
- Implemented front-end technologies including HTML, CSS, and JavaScript for an interactive and user-friendly interface.
- Designed and managed a MySQL database to store customer and food sales data, ensuring efficient data retrieval.
- Integrated Java for backend operations, handling business logic and data processing.

ClggDhundo Educational Website (Click Me)

May 2022

- Developed a ClggDhundo Educational Website using HTML, CSS, and JavaScript, allowing users to search for colleges easily.
- Implemented a responsive and interactive UI, ensuring a seamless browsing experience across devices.
- Categorized colleges into Engineering, Development, Research, Medical, Science, and Business, improving search efficiency.
- Added clickable college listings that redirect users to the official college website for more details.

Professional Experience

Zensar ESD– Employability Skill Development Program (Training/Internship) **Jan 2023 – Feb 2023**

Intern

- Trained in SQL for database management and query optimization to enhance system efficiency.
- Strengthened logical reasoning and quantitative analysis skills to ensure accuracy in problem-solving tasks.
- Enhanced communication, teamwork, and leadership abilities to support effective collaboration and drive productivity.

Certifications/Courses

Full Stack Java Developer - Cyber Success, Pune

July 2024 – April 2025
