

AMIT GEORGE

Web UI Developer

9899842919, 7982636722 • designergeorge2020@gmail.com • New Delhi

Summary

Web UI Developer with over 9 years of experience crafting responsive, user-centric web interfaces using modern technologies like HTML5, CSS3, JavaScript, and React. Proven ability to translate complex requirements into intuitive, accessible, and visually appealing designs. Skilled in cross-functional collaboration, performance optimization, and delivering scalable front-end solutions in agile environments. Adept at using tools like Figma, Git to streamline development workflows and ensure pixel-perfect implementation. Seeking to contribute UI expertise to innovative and user-focused digital products.

Experience

Paisabazaar.com Gurugram
Assistant UI Manager 02/2015 - 12/2024
Paisabazaar.com is India's leading digital marketplace for financial products, offering comparisons and applications for loans, credit cards, and investment options.
9+ years in the fintech industry at Paisabazaar.com, responsible for delivering robust and scalable web solutions. Proven expertise in designing and developing user-centric web applications across diverse financial products, ensuring seamless functionality, optimal performance, and alignment with business objectives.

Rupeepower.com Gurugram
Senior Web Developer 02/2013 - 01/2015
Fintech Company that helps consumers compare and apply for loans, credit cards, and other financial products online by partnering with leading banks and financial institutions.
Leads the development of high-quality, scalable web applications, collaborates with cross-functional teams, mentors junior developers, and ensures performance, security, and usability across all web solutions.
