Mumbai, Maharashtra

harshalgangawane55@gmail.com — +91 7738345745 — LinkedIn

## Objective

---

Data Analyst proficient in SQL, Power BI, Excel, and Python with a strong foundation in data cleaning, modeling, and visualization. Experienced in designing interactive dashboards and analytical reports to extract meaningful, interpretable insights for business decision-making.

## Technical Skills

---

<b>Visualization Tools</b>	Excel, Power BI, Tableau
<b>Database</b>	MySQL
<b>Programming</b>	Python
<b>Core Skills</b>	Data Cleaning, Data Modeling, KPI Analysis, Dashboard Reporting
<b>Soft Skills</b>	Analytical Thinking, Problem Solving, Communication

## Projects

---

### Job Application Tracker — Excel

- Developed an automated Excel-based tracking system using advanced formulas, conditional logic, and structured tables.
- Created interactive dashboards to monitor application stages and response rates, improving follow-up efficiency by **25%**.
- GitHub: Excel Project

### Mahakumbh Mela Database Management System — SQL

- Built and optimized **15+** SQL queries using joins, subqueries, and aggregations for analytical reporting.
- Designed a scalable relational database schema, improving query performance and reporting speed by **30%**.
- GitHub: SQL Project

### Insurance Risk & Claim Analysis Dashboard — Power BI

- Designed a Power BI dashboard integrating KPIs such as claim frequency, loss ratio, and customer demographics.
- Enabled faster insights through drill-through reports and dynamic filters for risk assessment.
- GitHub: Power BI Project

## Education
