SUMMARY

Enthusiastic BCA student with practical experience in cybersecurity and cloud technologies. Skilled in problem-solving, teamwork, and quickly adapting to new tools. Seeking opportunities to apply and expand my expertise in security and cloud solutions within the tech industry.

EXPERIENCE

Cybersecurity Intern

Jun '25 — Aug '25

UptoSkill

Jaipur, India (Remote)

- Conducted authorized vulnerability assessments on web applications to identify security weaknesses.
- Discovered and documented OWASP TOP 10 vulnerabilities, including SQL Injection (SQLi), Cross-Site Scripting (XSS), and Cross-Site Request Forgery (CSRF).
- Utilized tools like Burp Suite to manually test for and exploit vulnerabilities.

PROJECTS

Phishing Detection [Link](#)

- Engineered a phishing simulation platform to proactively identify security awareness vulnerabilities.
- Demonstrates practical understanding of social engineering tactics and defensive measurement strategies.

Pentest-Reportal [Link](#)

- Engineered a full-stack application to solve a key pain point in the penetration testing lifecycle: report generation
- Features a centralized dashboard for managing multiple clients and assessments, improving the organization and re-usability of common findings

SKILLS

Penetration Testing Web Application (OWASP), Host (Windows & Linux), Network

Tools Nmap, Metasploit, Wireshark, Burp Suite, Dirbuster, Hashcat, Nikto

Language HTML, Python, C++ Fundamentals

CERTIFICATIONS

eJPT, INE

Nov '24

Offensive Security Operations, Cybrary

OPSWAT Network Security Associate, OPSWAT Academy

Cyber Security, Skillup by Simplilearn

Introduction to Cloud, IBM

Cloud Essentials, IBM

EDUCATION

BCA in Cloud, JECRC UNIVERSITY
