B.Tech - Electronics and Communication Engineering

Chaitanya Engineering College & Technology, JNTU-GV (2020 - 2024)

Percentage: 65%

Intermediate (MPC)

A.P.T.W.R. Junior College, Seethampeta (2018 - 2020)

Percentage: 90%

SSC

K.G.B.V. Bhamini (2018)

Percentage: 95%

PROJECT EXPERIENCE

FreshMart - Online Food Zone (<https://fresh-mart-lake.vercel.app/>)

- Developed and deployed a full-stack online food delivery app.
- Front-end: React.js with Redux and custom CSS for a professional layout.
- Back-end: Spring Boot APIs for employee and product management.
- Implemented secure login, category filtering, cart management, and product listings.

Student Management Portal - React.js + Spring Boot

- Built a student record system with responsive UI and RESTful back-end.
- Enabled CRUD operations with seamless data integration.

Automatic Bell Buzzer with Timetable Control

- Arduino-based automation project for schools with configurable scheduling.

TRAINING & INTERNSHIP

Full Stack Developer Trainee

Sathya IT Technologies | Oct 2024 - Present

- Practical experience in building full-stack applications using Spring Boot and React.
- Learned deployment strategies, Git version control, and microservices best practices.

CERTIFICATIONS

- Embedded Systems - Wireless Sensor Monitoring (AB Technology, Tirunelveli)
- Front-End Development Certification (Details Pending)

ACHIEVEMENTS

- Prathibha Award - Academic excellence in 10th standard

LANGUAGES

- English (Fluent)
- Telugu (Native)
