

HAREESH GOLLOLU

Experienced Software Developer

+919390737340 • hg716340@gmail.com • <https://www.linkedin.com/in/hareesh-g-519626240/> • Tirupati, Andhra Pradesh, India

Summary

With over 3 years of experience in software development, G. Hareesh brings strong expertise in building responsive and dynamic web applications using React JS. He has contributed to multiple end-to-end projects, including *Due Outs*, *EIC*, and the ongoing *DHHS Staffing* solution, demonstrating proficiency in front-end development and integration with SharePoint. His strengths include efficient state management, reusable component design, and optimizing performance in real-time data applications. Hareesh is also skilled in working with REST APIs, React Query, and modern JavaScript, delivering scalable solutions that enhance user experience and business productivity.

Skills

React JS • JavaScript (ES6+) • HTML • CSS • SharePoint Integration • REST API • React Query • Component Reusability • State Management • Performance Optimization • Git • VS Code • Debugging • Responsive Design • CSV Export • Conditional Rendering • Hooks • Problem Solving • Team Collaboration • Agile Methodology

Experience

Sithafal Technologies

Tirupati, AP, India

Software Developer

2021 - 2025

Directed project planning and execution ensuring project goals and requirements were met.

- *Developed and maintained scalable front-end applications with a focus on performance, responsiveness, and seamless integration with SharePoint environments.*
- Built and enhanced React JS applications for internal tools such as **Due Outs**, **EIC**, and **DHHS Staffing**, improving operational efficiency and user experience.
- Designed reusable and modular components, enabling faster development cycles and consistent UI across the application.
- Integrated RESTful APIs and SharePoint lists, facilitating real-time data access and updates across user dashboards.
- Optimized rendering performance using **React Hooks**, **React Query**, and conditional rendering techniques.
- Contributed to codebase maintenance through **Git**, managing version control and collaborative feature development.
- Collaborated with cross-functional teams to implement business logic and filter-based views, reducing server calls and improving load times.
- Actively participated in Agile ceremonies, including sprint planning, code reviews, and client demonstrations, ensuring smooth collaboration and continuous delivery.

Young Minds Technology Solutions Pvt Ltd

Tirupati, AP, India

Software Developer Intern

05/2022 - 09/2022

Completed a 5-month internship focused on front-end development using **React JS**, where I gained hands-on experience building responsive and user-friendly web interfaces. Worked with modern JavaScript features, implemented reusable components, and connected front-end applications with REST APIs.

- Developed interactive UI components using React Hooks for efficient state management.
- Collaborated with team members in an **Agile environment**, improving communication and task ownership.
- Gained practical experience with tools like **Git**, **VS Code**, and browser dev tools for debugging.
- Integrated APIs to fetch and display real-time data.

Education

SDHR Degree College

Tirupati, AP, India

Bachelor's Degree in Computer Science

2018 - 2021

Strengths

Creative Problem Solving

Utilize creative solutions to tackle challenges, evident in the 20% increase in project delivery efficiency at Sithafal Technologies.

Strong Leadership

Successfully guided and supported team members, enhancing overall project delivery efficiency.
