## Objective:

A highly motivated and detail-oriented Electronics and Communication Engineering graduate seeking an opportunity to leverage my skills in circuit design, signal processing, communication systems, and embedded systems in a challenging engineering role.

## Education Qualification:

Qualification	School/College	Years of Study	Percentage (%)
ssc	Noble High School	2017-2018	9.5 CGPA
Intermediate	Chaitanya Junior College	2018-2020	94%
B. Tech	Bhoj Reddy Engineering College for Women	2020-2024	7.5 CGPA

## Technical Skills:

- Programming Languages: Java ( OOPs, Data Structures)
- Frameworks & Tools: Spring, Hibernate.
- Web Technologies: HTML, JavaScript (basic)

- Databases: SQL (basic)
- Other Skills: Problem-solving, Analytical thinking, Team Collaboration.

### **Projects:**

- Title: Spectral and energy efficiencies in full duplex wireless information and power transfer.  
Description: the integration of spectral and energy efficiencies Wireless Information and Power Transfer systems represent a significant step forward in the development of more sustainable, high performance wireless communication technologies.
- Wireless Communication System  
Description: Implemented a basic wireless communication system using RF modules for Transmitting and receiving data Worked on modulation techniques, noise reduction, and signal.

### **Achievements and Certifications:**

- Completion of Python in Sree institute of infotech.
- Academic Excellence Award for consistent high performance in engineering courses.

### **Extracurricular Activities:**

- Organized workshops on PCB design and embedded systems for undergraduate students.
- Volunteer for university technical fest, coordinating events and technical competitions.

### **Strength:**

- Strong Analytical Skills
- Problem-Solving Ability
- Technical Proficiency
- Time Management
- Strong Communication Skills
