## EDUCATION

### BACHELOR OF COMPUTER APPLICATION

- Dronacharya government college, gurugram  
2020 - 2023

12th

- MLP S S School Rajpura  
2019 - 2020

10th

- MLP S S School Rajpura  
2017 - 2018

## SKILLS

- Frontend Technologies : HTML,CSS, JAVASCRIPT , AJAX, React.js
- Backend Technologies : Node.js, Express.js
- Databases : MongoDB
- Authentication : JWT
- Version Control : Git, Github

## LANGUAGES

- English
- Hindi

## PROJECT

### SWAAD

#### Full-Stack Restaurant Management Application

**Description:** Developed a comprehensive web application that allows users to discover ,manage and review restaurants

#### Key Features :

**User Authentication :** Implemented secure signup and login functionality using JWT for user authentication

**Profile Management :** Created a user profile page where users can view and edit their personal information

**Restaurant Search :** Integrated a search bar in the navbar for users to easily find restaurants based on their preferences

**Add Restaurant :** Enabled users to add their own restaurant which are displayed on a dedicated "My Restaurant" Page

**Edit / Delete Restaurant :** Provided functionality for users to edit or delete their own restaurant entries, including cuisine and food items

**Review and Ratings :** Implemented a review and rating systems, allowing users to share their experiences and feedback on restaurants

**Shopping Cart :** Developed a cart feature that allows users to add food items for easy ordering

**Technologies Used :** React.js, Redux, Node.js, Express.js, MongoDB, JWT, CSS

## ACHIEVEMENTS

Full Stack Web Development

Coding Blocks

June 2023

Covers HTML, CSS, JavaScript, Node.js, and React.js, Express.js, MongoDB, Mongoose , jQuery
