EXPERIENCE

N INFINITY INFO SOLUTION | JAVA FULLSTACK INTERN
Aug 2024 – Present

- Working on Java-based web applications, gaining hands-on experience in Core Java, Spring Boot, Hibernate, Servlets, and MySQL. Assisted in backend development, database management, and API integration to enhance application performance and functionality.
- Skills: Java Hibernate SpringBoot Servlets JSP MYSQL Javascript HTML CSS Bootstrap Git, GitHub.

MENTORAIDE | FRONTEND INTERN
Jan 2024 – July 2024

- I focused on HTML, CSS, JavaScript, and React.js. I converted design mockups into interactive web pages, ensuring they were user-friendly and responsive. I collaborated with design and backend teams, wrote clean code, and gained valuable skills in frontend development.
- Skills: Javascript HTML CSS TailwindCSS Node.js Git, GitHub.

PROJECTS

EDUADMIN ERP SYSTEM | 2025

Java Servlets JSP MYSQL Javascript HTML CSS
Bootstrap Git, GitHub.

- EduAdmin, a Centralized ERP System for Seamless Academic and Financial Operations.
- Project Link:// <https://github.com/nishwan810/EduAdmin>

STUDENT MANAGMENT SYSTEM | 2025

Java Java Swing GUI MySQL

- Student Management system desktop application using java swing.(CRUD Operations)

MICROSTRUCTURE PREDICTION USING AI AND ML. | 2024

Reasearch and Devloperment Python Deep Learning.

- In this study, we predicted microstructures using AI and ML. A material microstructure of 150 images is established, comprised of mild steel micrographs acquired from four different thermal processing condition and use CNN model to predict microstructure.

SOME MORE PROJECTS

- Mountain-track •DRUM-Practice •Tic-Tac-Toe Game (Swing)
- Hathras Hing Website •Wellfound-Herosection

EDUCATION

MIT ACADEMY OF ENGINEERING, PUNE

B.TECH - MECHANICAL ENGINEERING
•2020-24 •CGPA: 6.75 / 10

SKILLS

PROGRAMMING
