

**PROFILE SUMMARY**

- A seasoned technology leader with over **23 years** of experience in IT, specialized in Senior Enterprise Architect, Director of Technology & Engineering with solid experience in Solution Architecture, hands-on coding expertise using Java, J2EE, Java Script, Oracle, R-Language etc. implemented numerous solutions using Microservices, MVC, Hybrid Cloud, AWS, SFDC, Akamai, Big Data, Portals & Content Management, Adobe AEM, etc. latest tech stack on Kubernetes, Kafka, Docker, Python, CI/CD Jenkins., Presales Etc.
- Proven track record in leading high-impact digital transformation initiatives across BFSI, Manufacturing, Healthcare, Retail, Aerospace, Transportation, Media Entertainment, Telecom and Automobile.
- Possessed TOGAF v8, v9 Certified Program, SFDC, Juniper Certified Internet Technology.
- Core Competencies on Enterprise Architecture & Digital Transformation, Cloud Strategy & Solutions, Microservices & API Management, Legacy Modernization & Monolith to Cloud-Native Migration, Business Process Optimization & Automation, Identity and Access Management (IAM), Amazon Cognito, IoT Architectures in HealthCare, Presales & Client Engagement, Agile & DevOps Practices.
- Skilled in working with C Level stakeholders and Product Leadership in defining the architectural roadmap and blueprints of a product/solution.
- Have performed infrastructure and development cost estimations and have transitioned several large-scale enterprise projects from the US & Canada/UK/EMEA to India.
- Have improved engineering processes resulting in multi-million dollar in operating cost saving.
- Skilled in collaborating with C-level executives and product leadership to drive technical strategies and roadmap execution.
- Have engineers our technology vision and translates it into actionable strategies for the company and our fortune global clients, advising them on their technology roadmap and vision and mentor to senior solution architects.
- Equally proficient discussing application design with developers and presenting enterprise architecture blueprints to an executive team. Self-starter with excellent analytical, problem solving, communication and leadership skills like Senior Enterprise Architect/Solution Architect/Application Architect, Team Management, Analytical Decision Making, Communication, Delegation, Teamwork, Creative Problem-Solving, Trustworthiness with fortune 500 clients.

**TECHNICAL SKILLS**

- Operating Environment: Windows & Linux
- Languages & Framework: Java, J2EE, JDBC, SQL, PL/SQL, R-Language, Spring Boot, JSP, Servlets, JMS, SOAP, REST, WSDL, EJB, Log4J, Struts, Spring, Hibernate, Kafka, Ajax, Dojo, jQuery, AngularJS, ReactJS, NodeJS, Adobe AEM, i-Batis, JSON, Microservices, SOA, Kubernetes, CI/CD, Jenkins, Docker, NoSql, IOT, Scala, HTML, XML, XSL, Java Script, CSS
- Architecture & Design Methodologies/Patterns: SOLID, DDD, SDLC, Agile Scrum, Kanban, DevOps, GoF, J2EE Patterns
- Development & Design Tools: Portal, Content Management & Application Servers: EMC Documentum 5 SP3, Alfresco, IBM Web Sphere Portal Server, IBM WebSphere Commerce Server/HCL Commerce, GCP, IBM WebSphere Process Server, BackBase Portal Server, IBM WebSphere Application Server, IBM WebSphere IIB, Azure, Apache Tomcat Server, Oracle BEA WebLogic Application Server, JRun, Liferay.
- Other tools: HP open view, JIRA, ServiceNow, Fitness Tracker (Integration tool), REST Client API, SonarQube, Github, Presales.
- Cloud Platforms: Amazon AWS, Salesforce SFDC (SaaS, PaaS), Akamai
- IDE: Eclipse, IBM RAD, IBM WID
- Version Control: SVN, CVS, JIRA, Git, IBM Rational ClearCase, AccuRev, Apache Ant/Maven
- Databases: Oracle, MySQL, MS SQL Server, IBM UDB DB2, MongoDB, Sql Developer

**PROFESSIONAL EXPERIENCE****Senior Enterprise Architect/Director(Engineering & Technology) – Digital Practice**

- Lead technology initiatives across MEA & UK regions, collaborating with business units to define architectural blueprints and technology strategies.
- Spearheaded the introduction of new technology approaches, ensuring alignment with organizational goals and industry standards.
- Provided thought leadership in multiple engagements, overseeing RFI/RFP processes and design reviews.
- Technical Stack: Java, Liferay Portal, Microservices, Kubernetes, AWS, SonarQube, GitLab, Gradle, AngularJS, jQuery, Oracle, Spring, Hibernate, Ajax, JSR 286, CI/CD, Jenkins, Bigdata (Hadoop), Azure Pipeline, JEST, Scala, SOLID & Dry Principles, MongoDB, Presales.
- Associated in Zensar Technologies Ltd., IN since 08/23 – till date.

#### **Senior Enterprise Architect – Digital Practice Group & Boeing CDG Customer Experience**

- Led architectural initiatives for key projects with clients like FAB and Assa Abloy, introducing best practices and GoF patterns across the organization.
- Worked closely with project architects to ensure consistency in design and implementation, enhancing project delivery, Presales RFI/RFP.
- Technical Stack: Java, Liferay Portal, Microservices, Kubernetes, AWS, SonarQube, GitLab, Gradle, AngularJS, jQuery, Oracle, Spring, Hibernate, Ajax, JSR 286, CI/CD, Jenkins, Bigdata (Hadoop), Azure Pipeline, JEST, Scala, SOLID & Dry Principles, Kanban, MongoDB, Presales.
- Associated at Tech Mahindra Ltd. Pune & Bangalore IN, Nagarro India, Gurugram IN since 02/21- 09/23.

#### **Senior Enterprise Architect – General Motors Platform Management**

- Provided architectural leadership throughout the SDLC, conducting design and code reviews to ensure alignment with end-state architecture.
- Led business requirements gathering and analysis, creating comprehensive architecture documents and mentoring team members.
- Reduced system downtime by 15% through effective architecture optimization.
- Technical Stack: Windows, Java, Microservices, Kubernetes, AWS, AngularJS, Adobe AEM, Oracle, Spring, Hibernate, CI/CD Jenkins, MongoDB, Scala, JUnit, IBM WAS, Presales.
- Associated at ITC Infotech India Ltd. Bangalore & Kolkata IN since 05/19 to 09/19.

#### **Enterprise Architect – Digital Practice & ABG Group Inc. USA**

- Directed technology and delivery strategy for large-scale projects, managing a team of 125+ across geographies.
- Developed and enforced architectural standards around all phases of the project lifecycle including planning, architecture and design, development, testing and support
- Defined architectural standards and provided technical leadership in cloud development and blockchain initiatives.
- Delivered multimillion-dollar project with 30% reduction in development costs through effective resource and technology management.
- Technology Stack: Java, J2EE, Amazon AWS, Microservices (Spring boot), IBM Portal and Content Management, Angular JS, Google App Engine Services, Scala, REST, design/impact documents using MS word, IBM Rational Rose UML and Enterprise Architect using Akamai Cloud Development using Blockchain (Mining data on IOT). Participating in proposals (RFP/RFI responses), proposal presentations.
- Associated at Mindtree Ltd. Bangalore IN since 03/18 to 04/19

#### **Senior Architect – Digital Practices Group**

- Managed multiple customer engagements including eCommerce and Portal management for clients such as Sanofi Healthcare, Carrefour, Nolia, Al-Rajhi Bank, BMW NA.
- Developed and enforced architectural standards around all phases of the project lifecycle including planning, architecture and design, development, testing and support.
- Implemented cloud-based solutions and led presales activities, ensuring high-quality deliverables and client satisfaction.
- Technology Stack: Java, J2EE, AWS, ServiceNow, Microservices, Portal and Content Management, Angular JS.
- Associated at Atos & TCS Ltd. Bangalore, Pune & Mumbai IN since 02/14 to 03/18

### **Lead architect/Sr. Tech Lead. etc. across various engagements/companies at Onsite/Offshore assignments**

- Responsible with progressive positions in development and architecture, including Lead Architect, Sr. Tech Lead & Senior Developers in various firms like AtoS, HCL, Capgemini, Logica (CGI), IBM, Wipro etc. and executed various projects in multiple engagements with fortune 500 customers majorly from US & Canada/UK/Europe/EMEA like PNC FS Bank US, DB US/Germany/Singapore, T-Mobile, Walt Disney, Supervalu(Albertsons), Target Corporation US (Onsite), Walmart US(Onsite), British Telecom UK & US, Swedbank, Michelin, MTS AL stream CA, Myer Connect, Bombardier, Darty.com, GSK etc.
- Providing technical architecture consultancy to multiple concurrent projects and helped ensure that we are moving towards the strategic direction while meeting tactical needs.
- Review RFP/RFI's, evaluate response/product vendors and recommend solutions, Created overall architecture, system Spec, Design Doc.
- Technical Environment: Core Java, J2EE, REST, Spring, Hibernate, Microservices, Kubernetes, Oracle, Java Script, Sql Developer, Apache Tomcat & IBM WAS, WPS, Springboot, Container Orchestrations Platform (Kubernetes, Docker, Openshift, Rancher, CaaS (Container as a Services), Rich Internet Applications Frameworks(AJS, ReactJs, NodeJs)...Etc.
- Analyzed requirements and implemented systems to deliver comprehensive system development life cycle solutions. Determined cost estimates. Assisted in troubleshooting architectural problems. Developed technical solutions to build Java architectural framework.
- Associated at iDomain, Wipro, IBM, LogicaCMG, HCL, Capgemini, both offshore & onsite assignments since 02/04 to 11/14

### **AWARDS & CERTIFICATION**

- Certified on TOGAF v9, Salesforce Platform Developer, Juniper Networks Internet Specialist(Enterprise Routing), Brainbench Certified on Java EE and IBM Websphere Portal 5.0, 5.1 & 5.5
- Association of Computer Enthusiastic (ACE), Bangalore
- Computer Society of India (CSI), Bangalore Chapter till 2012.
- Wipro Bravo Award for Excellence in Technical Contributions, IBM Hall of Fame Award for Outstanding Performance, Logica Bravo Award for Technical Excellence.

### **EDUCATION**

- **M.Tech. (Data Analytics)**, Birla Institute of Technology & Sciences Pilani, India.
- **B.E.(Computer Sciences & Engineering)**, Visveswaraya Technological University Karnataka, INDIA.
- Preparing for **Ph.D.** program at BITS Pilani, INDIA.
