Professional Summary

- My proactive approach and ability to troubleshoot complex issues have significantly contributed to project successes. Organized and dependable candidate successful at managing multiple priorities with a positive attitude. Willingness to take on added responsibilities to meet team goals

Objective

My goal is to become associated with a company where I can utilize my skills and gain further experience while enhancing the company's productivity and reputation.

Education

- B.E. Computer Science And Engineering
Sri Sairam Institute Of Technology
7.91
November 2020 - May 2024
- 12th - Computer Science With Maths
Velammal Vidyashram Mambakkam
65%
April 2019 - July 2020
- 10th - Physics, Chemistry, Biology, Maths
Velammal Vidyashram Mambakkam
64%
April 2017 - May 2018

Skills

- Hard Skills - Networking Concepts, Linux, SQL, AWS, Load balancers, Network Components, Network Protocols, NoSQL, RDBMS, Prometheus, Grafana
- Soft Skills - Team Work, Creative, Adaptability, Time Management, Decision Making

Certifications

- Certified in Devops Program by GUVI GEEK NETWORK PRIVATE LIMITED
- Completed Three Certifications in NPTEL In the Courses Cloud Computing, Design and Implementation Of Human Computer Interface, Ethics in engineering practice.

Projects

- Application Deployment:
To Deploy an Application Using Docker, Jenkins, AWS and Monitor it. We Were Actually given a react based built application and given specified tools to deploy it easily without any issues.
- Integration Of Various Classification And Regression Models Using Streamlit:
This project aims to integrate various classification and regression models using Streamlit, a popular Python library for building interactive web applications for data science and machine learning projects. The goal is to create a user-friendly interface that allows users to compare the performance of different machine learning algorithms on classification and regression tasks.

- Inadequate System For Assortment Of Grouping And Reckoning:

In this Project We Had To Create a Website with a team of 4 members where

we had our tasks divided in creating the front end and back end of the website.

The main purpose of this website was to create it to buy a dress like example fire safety suits by giving the suits requirements through the website itself and placing order for it.

Internships

- Timeperiod: February 2023 - March 2023

Company Name: Oasis Infobyte

Type of Work: Web Development and Designing

Mode Of Work: Remote Work

Summary: Working as an Student Intern in Oasis Infobyte Helped me Understand The Real Purpose Of A Web Developer And Personally Recollect My Web Development Skills which I've learnt previously in my lower classes.

- Timeperiod: August 2023 - November 2023

Company Name: ShiasH Info Solutions

Type of Work: Full Stack Web Development in Python

Mode Of Work: Remote Work

Summary: Working as an student intern in ShiasH Info Solutions I learnt a lot about Full stack web development from Scratch.

Achievements

- Participated In A Guinness World Record Event For Most Users To Take An Online Computer Programming Lesson in 24Hours Conducted By GUVI Geek Networks, IITM Research Park in Chennai.

Language

- English
- Tamil

Interest

- AWS, Azure, GCP, Fullstack web development, Artificial Intelligence
