## EDUCATION

### Walter Sisulu University

#### Advanced Diploma | Information Technology

Feb 2021 – Jun 2022 Butterworth, EC

- Application Development Major

### Walter Sisulu University

#### National Diploma | Information Technology

Feb 2021 – Dec 2020 Butterworth, EC

- Software Development Major

### Tutor Ndamase SSS

#### National Senior Certificate

Jan 2013 – Dec 2015 Libode, EC

## EXPERIENCE

### Fullstack Developer -Intern

#### Capaciti uvu Africa

Jan 2024 – Jul 2024 Cape Town, WE

- Developed a banking app with Python and Tkinter, a real-time chat app using Node.js and React, and a business website with HTML, CSS, and JavaScript. I also created a library management system using Java and MySQL for efficient data handling.

### Fullstack Developer -Intern

#### Walter Sisulu University

May 2023 – Dec 2023 East London, EC

- Developed dynamic web applications using PHP, MySQL, and WAMP, ensuring robust database management and server-side scripting. I also created interactive front-end interfaces with HTML, CSS, JavaScript, and Bootstrap for responsive design.

### Software Developer -Intern

#### Western Cape Provincial Treasury

March 2022 – Apr 2023 Cape Town, WE

- Built web apps with C and ASP.NET, developed websites with HTML, CSS, and JavaScript, and managed data using MySQL and Microsoft SQL Server. I also worked with PowerApps, SharePoint List, and Power BI, and configured servers for hosting.

### Computer Lab Assistant

#### Walter Sisulu University

Apr 2021 – Sep 2021 Butterworth, EC

- I provided technical support, maintained lab equipment, and ensured a smooth operation of computer systems, assisting users with troubleshooting and software issues.

## TECHNICAL SKILLS

Java C-Sharp Python MySQL  
JavaScript HTML/CSS PowerApps  
Bootstrap Node.js React.js  
PowerBI SharePoint PHP

## PROJECTS

### Library Management System

- Developed a Library Management System that streamlines book inventory, member management, and transaction tracking. Enhanced user experience with an intuitive interface and efficient data handling.

### Banking App

- Created a Banking App to facilitate secure transactions, account management, and real-time balance monitoring. Focused on user-friendly design and robust security features for optimal financial management.

### Chat Application

- Designed a Chat App enabling real-time messaging, multimedia sharing, and user presence indicators. Prioritized seamless communication and an intuitive interface for enhanced user engagement.

### Business Website

- Developed a Business Website to enhance online presence, showcase services, and facilitate client interaction. Emphasized responsive design and user-friendly navigation for improved engagement and accessibility.
