

# JUNED SHAIKH

UI/UX Developer

## EXPERIENCE

Feb 2021 - Aug 2025

### Noetic IT Services

Lead a team of UI Developers, giving support to the client's multicultural team, providing feedback, clarifying requirements and helping with technical questions.

Keep the Project Manager and the IT Leads update on the overall progress of the projects and manage the tasks distributed to the team

Keep the code and the features implemented by the other developers in accordance to the requirements

Use my extensive experience with Frontend Development to define the structure and components for the project, making sure they are reusable

Interact with the designer to suggest changes and to make sure the view he has about the design is translated into actual functionality

## ABOUT ME

I am a web developer having expertise in UI/UX Development and exposure to Frontend Development. I design and develop web application using the latest technologies to deliver the product with quality code. I am very good at UI/UX Fundamentals & Technologies and can adapt to most of the Frontend Frameworks quickly.
