📞 8308596697 | ✉️ samruddhigawali99@gmail.com | 📍 Pune, Maharashtra, India

Professional Summary

Quality-focused Assistant System Engineer with hands-on experience in manual testing of mobile applications at TCS. Proficient in test case design, defect tracking using JIRA, and collaborating in Agile development environments. Skilled in smoke, sanity, and regression testing with a solid understanding of SDLC and STLC. Now actively transitioning toward a full-time QA role, with a growing focus on test management tools like TestRail and a strong interest in expanding into automation testing.

Skills

- Manual Testing | Test Case Design & Execution | Defect Reporting
- Smoke Testing | Sanity Testing | Regression Testing
- Agile Methodology | SDLC | STLC | Scrum
- Tools: JIRA | Excel | Android Emulator | TestRail
- Cross-Functional Collaboration

Certifications

- JIRA Fundamentals Badge – Atlassian University (2025)
- Core Java – SEED Infotech Ltd (2023)
- Advanced Java – SEED Infotech Ltd (2023)

Professional Experience

Assistant System Engineer | TATA Consultancy Services – India | October 2023 – Present

- Executed manual testing for mobile applications, verifying functionality, usability, and performance against business requirements.
- Designed and implemented detailed test cases, ensuring comprehensive coverage based on project requirements and user stories.
- Performed smoke, sanity, and regression testing to validate functionalities and system stability after updates.
- Tested mobile applications on emulators and real Android devices to identify device-specific issues.
- Logged and tracked bugs in Jira, collaborating with developers for timely issue resolution.
- Managed Jira tickets and performed bug analysis to enhance defect resolution efficiency.
- Collaborated with cross-functional teams, including developers and designers, to ensure project delivery.
- Participated in Agile ceremonies, contributing to continuous improvement during daily stand-ups and sprint planning.
