SUMMARY

Proficient in Java, MySQL, Android development, and automation testing. Worked at Wipro as a Project Engineer for 6 months, contributing to Android app development and testing. Also built Java-based projects, gaining practical experience in core concepts and application development.

EXPERIENCE

Project Engineer

Wipro

December 2024 - May 2025, Kochi, Kerala

- Worked as a Project Engineer at Wipro for 6 months, gaining hands-on experience in Android app development using Java and Kotlin.
- Developed and contributed to multiple Android applications, focusing on UI/UX design, API integration, and local data storage using SQLite.
- Strengthened core concepts of Android Framework, activity lifecycle, and background tasks while collaborating in an agile development environment.

PROJECT

Hotel Management System

J Spiders

- Built a full-stack Hotel Management System using Java, Spring Boot, and SQL to manage hotel data, user preferences, and booking workflows.
- Developed intelligent search and filtering features that display nearby hotels based on location, dates, and stay duration.
- Designed a responsive web interface enabling users to view hotel details, apply real-time filters, and complete seamless bookings.

New Zealand Cricket App

Wipro

- Developed an Android application using Kotlin, replicating the core features of a popular cricket app.
- The app provides live match updates, detailed player statistics, team rankings, and upcoming match schedules.
- Designed with a clean UI for real-time engagement and smooth user experience.

Automation Testing on Notemaking App

Wipro

- Performed automated testing using Appium to validate key functionalities of a mobile application.
- Focused on automating drag-and-drop features and testing critical user workflows.
- Enhanced test coverage and ensured app stability across different devices.

EDUCATION

B.Tech in Electrical And Electronics Engineering

St. Ann's College Of Engineering And Technology • Chirala, Andhra Pradesh • 2022 • 6.9

Diploma in Electrical And Electronics

St. Ann's College Of Engineering And Technology • Chirala, Andhra Pradesh • 2019 • 74

SSC

B.B.H High School • Vetapalem, Andhra Pradesh • 2016 • 8.3
