## EDUCATION

---

### Shivaji Science College

Master of Science in Computer Science - CGPA: 7.68

Nagpur, Maharashtra

Sep. 2021 – Aug. 2023

### Tai Golwalkar Science College

Bachelor of Science in Computer Science – Percentage: 71.19%

Ramtek, Maharashtra

June 2018 – July 2021

## INTERNSHIP EXPERIENCE

---

### OctaNet Services Pvt Ltd.

Web Development Intern

May 2024 – Aug. 2024

- Designed, enhanced, and optimized user-friendly web applications, emphasizing seamless user experience, performance, and responsiveness.
- Utilized HTML, CSS, Bootstrap, JavaScript, React.js, Tailwind CSS, and Auth0 to build visually engaging, fully responsive, and secure web applications across multiple devices.

### Code Clause

Web Development Intern

Aug. 2023 – Sep 2023

- Created both dynamic and static websites as a Front-End Developer intern, ensuring a clean design and intuitive user experience.
- Leveraged HTML, CSS, JavaScript, and Bootstrap to build visually compelling, mobile-responsive, and efficient web interfaces.

## PERSONAL PROJECTS

---

### Invoice Processing System

- A web-based Invoice Processing System built with React.js, Material-UI, Spring Boot, and MySQL.
- The system automates invoice management, allowing users to create, track, and process invoices efficiently. It includes features to check invoice status as Pending or Complete and provides an action to mark invoices as Done.
- Ensuring smooth financial workflow management with secure data handling and an intuitive interface.

### Full Stack Job Portal Application

- A Full Stack Job Portal built with React.js, Tailwind CSS, Supabase, Clerk for authentication, and Shadcn UI.
- The platform allows job seekers to explore and apply for jobs while enabling employers to post listings.
- It offers robust authentication, a modern UI, and real-time database management for an intuitive user experience.

### Bookstore Application

- Created a React.js app to showcase and manage books, including titles, authors, and prices.
- Integrated Auth0 for secure authentication, allowing users to sign up, log in, and manage accounts.
- Designed a responsive and intuitive UI for smooth browsing across all devices.

### Event Planning Application

- Designed a responsive platform for event browsing and registration. Integrated Web3Forms for secure form submissions.
- Implemented dynamic filtering, sorting, and detailed event pages to improve user engagement.
- Optimized performance with React Hooks and crafted an intuitive, user-friendly UI for a smoother user experience.

### Text classification using deep learning [Jan-2023 - April 2023]

- Applied various deep learning algorithms to structured and unstructured datasets for text classification.
- Evaluated their performance, with Support Vector Machine (SVM) achieving an accuracy of 0.85.

## **TECHNICAL SKILLS**

---

**Programming Languages:** Java, Python(Basic)

**Web Technologies:** HTML5, CSS3, JavaScript

**UI Component Library and Styling:** Bootstrap, Tailwind CSS, Material-UI, Shadcn UI

**Libraries and Frameworks:** React.js, Spring Boot, Hibernate(Basic)

**Backend Technologies:** JDBC, Servlet, JSP

**Database:** MySQL, Supabase

**Authentication and Security:** Clerk, Auth0

**Tools and Platform:** VS Code, Eclipse IDE, PyCharm, Git/GitHub, Postman, IntelliJ IDEA

**Deployment:** Vercel, Netlify

## **CERTIFICATIONS**

---

Full Stack Developer - Java Plus Seed Infotech (Sep 2023 - Sep 2024)

Frontend Development Training Program by OctaNet Services Pvt. Ltd.
