PROJECTS / OPEN-SOURCE

Sports center | [Link](#)

JavaScript,React,Vite,TailwindCss,TypeScript

- Live Match Streaming and Scores: The Sports Centre project offers live streaming of matches across multiple sports, providing real-time scores, updates.
- Users can explore diverse content tailored to their interests, ensuring they stay informed about the latest developments in the sports world.

Sports Scheduler | [Link](#)

Node.Js,Express.Js,PostgreSql

- This is a basic sports scheduler application where you can create sport sessions and join already existing sport sessions.
- Specified administrators will create some sports,and players can select one of the available sports and are able to join in them. players can also able to create new sessions by posting venue ,time and other required parametres and other players are able to see the sessions and join in the required sessions. Admins can also view the reports of the sports

Securing Cloud Environments With Post-Quantum Cryptography

- Enhanced Cloud Security: Implemented NTRUEncrypt and NTRUSign for quantum-resilient encryption and authentication, safeguarding data against future quantum threats.
- Innovative HMAC Integration: Leveraged HMAC for randomness in NTRUSign, ensuring robust signature schemes for secure communication in cloud infrastructure.

Job Simulation By Coursevita | [Link](#)

Next.js,mongodb,tailwindcss,node.js,express.js

- Job simulation is an educational and training approach designed to immerse learners in realistic, role-specific tasks to help them build practical, industry-relevant skills.
- It's especially effective for preparing individuals for the workforce by replicating real-world job scenarios in a controlled environment

Portfolio Builder | [Link](#)

Next.js,mongodb,tailwindcss,node.js,express.js

- Portfolio Builder is an intuitive web application that enables users to create and manage their professional portfolios easily.
- It provides various customizable templates, allowing users to showcase their work, skills, and achievements online.
