## About me

Aspiring BCA graduate with a strong foundation in programming, database management, and software development. Passionate about Python development and experienced in Django, HTML, CSS, and ORM through a comprehensive job portal project. Quick learner with excellent analytical, teamwork, and problem-solving skills.

---

## Education

- 2022 – 2025 **Sophia Girls' College Ajmer**, BCA in Computer Applications – Ajmer, India
- Pursuing a rigorous curriculum with a focus on software development and IT solutions.
- 2021 – 2022 **KV No. 2 Ajmer RAJ**, 12<sup>th</sup> Class– Ajmer, India
- Built a strong academic foundation with emphasis on science and mathematics.

---

## Experience

- May 2024 – June 2024 **Python Developer Intern**, YBI Foundation – Remote
- Developed Python scripts for data analysis using Pandas and Matplotlib, streamlining data processing tasks.
  - Collaborated in a fast-paced internship environment to apply programming skills to real-world scenarios.
- June 2024. **Data Analyst Intern (Simulation)**, Accenture (Simulation) – Virtual
- Simulated industry-standard data analytics tasks using Excel.
  - Enhanced data visualization capabilities using leading data visualization tools.

---

## Projects

### Job Portal Website Project

Developed a dynamic job portal web application using Django, HTML, CSS, and ORM. The platform enables recruiters to post and manage job listings while allowing users to browse and apply for jobs. Engineered a full-stack solution featuring user authentication, CRUD operations, and responsive design. Optimized the project architecture to ensure scalability and maintainability.

---

## Skills

**Programming Languages:** Python, Java, C/C++, VB.NET, HTML, CSS

**Frameworks & Technologies:** Django, Pandas, Matplotlib, ORM.

**Database Management:** MySQL, SQL.

**Operating Systems:** Windows, Linux

**Soft Skills:** Interpersonal Communication, Teamwork, Adaptability

---

## Accomplishments

National Seminar on Generative AI Uses, Cases and Applications

Completed 1 Month Workshop with Council for Global Cooperation

Completed Fundamentals of Digital Marketing Course by Google Digital Gara
