Portfolio

Objective

Passionate and motivated Computer Science graduate with practical experience in web development gained through academic and personal projects. Proficient in HTML, CSS, JavaScript, and responsive design, with ongoing learning in frameworks such as React, Bootstrap, Tailwind. Eager to apply technical expertise and creative problem-solving skills to build innovative, user-friendly web applications. Eager to contribute to a dynamic team and grow within a forward-thinking organization.

Education

SRM University

Aug 2020 – May 2024

B.Tech, Computer Science with Specialisation in Cybersecurity CGPA: 8.32

Chennai, TN

Relevant Coursework: Data Structures, Algorithms, Computer architecture, Operating Systems, Project Management, Computer Networks, Cryptography, Database Management Systems, Network Security, Penetration Testing, Forensic Incident Response, Malware Analysis.

Skills

Programming/development: HTML, CSS, JavaScript, React.js (currently learning), Bootstrap, Tailwind, Python, SQL.

Responsive design & UI/UX Media Queries, Flexbox, Grid Layout, UX Fundamentals, Wireframing, Prototyping.

Tools: Git, GitHub, Visual Studio Code, Chrome Developer Tools, NPM, Yarn, Figma, Adobe XD.

Cybersecurity: Networking, Operating Systems, Cryptography, Security Tools, OWASP 10, Web security.

Soft Skills: Attention to Detail, Collaboration, Adaptability, Problem-Solving.

Projects

Personal Portfolio | *HTML, CSS, Javascript, React.js*

May 2024 - Aug 2024

Frontend developer — Github, Live demo

Personal project

- Designed and developed a 100% responsive portfolio using React.js, UI/UX principles to improve user engagement
- Showcased personal and collaborative projects by curating detailed descriptions, linking source code repositories, and providing live previews, resulting in improved project visibility among peers and employers.
- Spearheaded the addition of a downloadable resume feature and an interactive contact form, simplifying employer accessibility and enabling seamless communication
- Deployed the portfolio to Vercel, achieving 99.9% uptime and integrating a CI/CD pipeline for automated updates.

Frontend Development Quiz Application | *HTML, CSS, Javascript*

Jan 2024 - May 2024

Frontend developer — Github

Personal project

- Designed and developed a dynamic and interactive web application using HTML, CSS, and JavaScript, enabling users to test their frontend knowledge in a fun and engaging way.
- Developed features like real-time scoring, feedback system, replay functionality to enhance user experience and learning.
- Collaborated with GitHub for version control and deployed on Netlify achieving 99.9% uptime for automated updates.

Experience

Web Development Intern

May 2023 – June 2023

InternPe

Remote

- Developed responsive and user-friendly websites, enhancing accessibility and visual appeal across multiple devices, achieving **10%** improved compatibility across browsers using HTML, CSS, and JavaScript.
- Gained hands-on experience with basic testing and debugging, successfully resolving functionality issues and improving website stability through targeted corrections.
- Utilized Git for version control to manage code changes and collaborate effectively in a remote environment.

Achievements

- **Top 10 Participant, BitGuard Cybersecurity Hackathon:** Ranked among the top 10 participants in the prestigious BitGuard Cybersecurity Hackathon organized by Mercer — Mettl in July 2024.
- **1st Place, CTF Competition:** Secured 1st place in the Capture The Flag (CTF) competition held by Aurganon'23 in March 2023, showcasing advanced problem-solving and cybersecurity skills.

Certifications

- Learn HTML – **Codecademy**
- Javascript Essentials – **Coursera**
- Meta Full Stack Developer Professional Certificate (Pursuing) – **Coursera**
